# COMPANY PROFILE

DINCO ENGINEERING & CONSTRUCTION CORPORATION

## OVERVIEW

**DINCO** is the **TOP** choice for international clients with Industrial Plants, High-rise Buildings, Hotels, Resorts, Traffic and Infrastructure construction projects.

No matter how complex a project, how remote the location, how stringent the requirements, Dinco will meet and work to exceed the client's expectations. Our portfolio encompasses a panoply of construction and engineering feats. In addition, thanks to our unmatched combination of knowledge, skill, experience, and customer commitment, we can offer you, the client, cost saving project management services. Dinco saves money and time by proposing innovative engineering solutions. We are able to offer competitive pricing by using our own concrete and stone resources.

Together with our clients, we work to create job opportunities; striving to improve the quality of life for local people wherever we have projects.

Privately owned, with the scope of activities stretching over the territory of Vietnam, we employ nearly 400 corporate staff and more than 3,000 workers

## MEMBER COMPANIES

I started DINCO with a group of passionate engineers. We all had a dream to build a role model construction company in Vietnam. Going through ups and downs, DINCO has changed constantly on many aspects (strategy, finance...) to keep up with the high competitiveness of the market. However, there are two values that DINCO and I have never ever changed: Human and Ethics.

From the outset, I wanted DINCO to set the reputation on its reliability. Reliability is the foundation for all of our business activities. I want to create trust for every client working with us. We do everything to prove to clients our honesty and integrity that give them the confidence on the quality of the job we have done.

Because Reliability is the cornerstone, DINCO has developed a strong standard of ethics. Every employee of DINCO understands that the number one rule in our company is being honest. They need to be honest with the clients about finance, materials, quality and protect the assets of the clients as our own assets. I believe this is the most important rule for all the long term and reliable relationships.

In order to create trust, we also focus on Human. DINCO makes a strong investment into Human Resource. We constantly train them to upgrade their knowledge, expertise and leadership so that they can exceed the expectation of our customers. We also want to create an environment that each employee can maximize their potential.

A successful company is run by successful people. I treasure all people who are passionately, uncompromisingly working with me and embracing our values. It is them that make DINCO a trustworthy company and become the best choice of investors in Vietnam. They are our most valuable assets.

Thank you for choosing us

CEO

Le Truong Ky

## WHY CHOOSE DINCO E&C ?

- We understand that the biggest concern our customers have in construction is unethical behavior which involves maintaining the quantity and quality of the materials specified. Dinco has built a high standard of honesty and integrity, dedicated to satisfying your design specifications. No unethical relationship with suppliers or subcontractors is tolerated in our company.
- Dinco assists clients to secure necessary **licenses** and **legal** requirements to operate successfully in this country. Due to our good reputation and relationships with local authorities, we are able to handle legal procedures more easily (i.e. Investment Registration Certificate (including of EPE), Enterprise Registration Certificate, Environmental Impact Assessment Report, Firefighting & Prevention Certificate, Construction Permit of Class I, As-built Licenses...).
- Dinco adds **value** to the clients by providing innovative value engineering solutions which optimize time and costs thanks to our first class Design & Build team: Architects, Civil Engineers, ME Engineers... with high capability and thick experience, who are fluent in using BIM solution.
- We always **satisfy above expectation the benefits** of both home and abroad clients. With 90% of our Clients being abroad owners, many of whom are from advanced technology countries like USA, Germany, Belgium, Japan, China, Korea, Singapore, Malaysia... for past years, we are confident that Dinco can understand the Client's culture and well interact with Clients. This is one of Dinco's key core values - Mutual Respect, which means that your projects will be secured for:

### Safety and Environmental Protection:

Dinco is certified and strictly follows the International Systems of ISO 45001 and ISO 14001; we meet and satisfy the high and stringent requirements of each client about their project such as Sunshine Aerospace Aviation Component Mill Project (UAC, USA), Heineken Vietnam Brewery Factory (Holland), Colgate Palmolive Toothbrush Manufacture Facility (USA), Groz-Beckert Garment Equipment Manufacture Factory (Germany), Hiyori Garden Tower Project (Japan) ...;

### Progress:

We always ensure to satisfy customers business plans, plan to monitor and control, offer technical methods and solutions to accelerate the construction progress of the project, for example **the assembled concrete solution** for Sunshine Aerospace Aviation Components Manufacturing Plant Project (UAC, USA): Starting on 29/3 → Completing the leveling on 30/4 → Installing equipment on 15/8 → Commissioning on 15/10 → Finishing in 30/12 → First shipping on 30/1.

### Quality:

We act and control all activities under the slogan "**Best Before Largest**"; we commit to provide the construction works with quality that meets rigorous standards such as JIS, ASTM, EUROCODE, British Standards, etc.;

### Contract Performance:

We clearly understand, master and have executed international contracts like FIDIC and equivalent international contracts, related documents and procedures, thereby minimizing contractual disputes, creating fairness between contracting parties;

### LEED Standard:

In addition, we have experience in executing LEED standard projects such as Colgate Palmolive Toothbrush Manufacturing Factory (2009, LEED Silver), Schneider One CVN Factory (2015, LEED Gold).

## OUR CLIENTS

## MISSION STATEMENT

Building **DINCO ENGINEERING & CONSTRUCTION** to become a leading everlasting enterprise in Vietnam in the field of Design & Build General Contractor with the same quality standards as those of G7 countries but still maintaining the unchanged principles during the development process. The following six guiding principles will help us consider the appropriateness of decisions to be made:

**Working environment:** To create a wonderful working environment and treat each other with respect and self-respect.

**Continuous improvement: "Best Before Largest"** To improve continuously in order to enhance the quality of products, services and labor performance.

**High standards:** To apply high standards, smart technical solutions for the design & build of projects.

**Customers:** To satisfy Customers' benefits over expectation by serving from heart to heart.

**Community:** To actively contribute to community and environment.

**Profit:** To acknowledge that profit decides on the living quality of employees and the longevity of the company.

**Integrity and honesty.** Dinco's culture is based on **integrity** and **honesty**. We have set up the highest standards of ethical business performance which every employee is committed to follow. There is no compromise for any reason and under any circumstance. We are open and transparent in all dealings with clients and sub-contractors.

**Responsibility:** We attach personal **responsibility** to all jobs, even the smallest, based on the principle of doing what is said, dealing with the consequences for being unable to do what has been said.

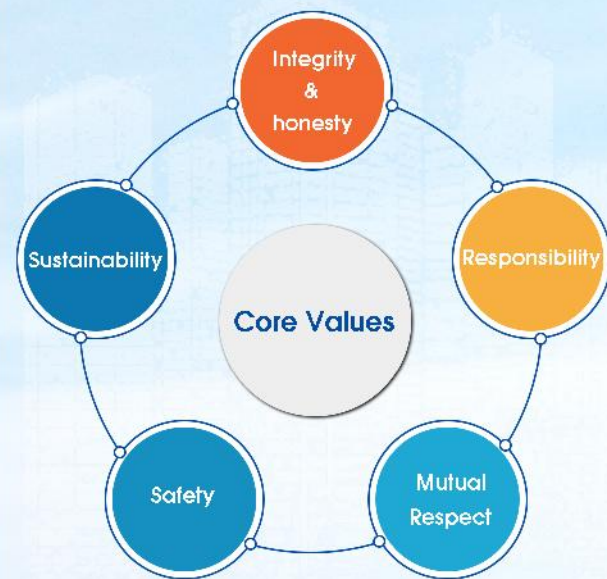

**Mutual Respect.** We work by our Dinco Rules, which encourage openness, **teamwork** and **trust**. We value diverse backgrounds, experience, and **opinions**. We **respect the differences** and working style of every customer and subcontractor.

**Safety.** We believe every accident is **preventable**, and we continue our pursuit of zero accidents – people's lives depend on it.

**Sustainability.** Based on the foundation of honesty and integrity, we plan and act for the long term good of our customers, environment and community.

## CORE VALUES

We are privately owned company and guided by firmly held values:

Tầng 5, tòa nhà Indochina Riverside, 74 Bạch Đằng, Đà Nẵng, Việt Nam  
Universal Alloy Corporation Vietnam  
5th Floor, Indochina Riverside Tower, 74 Bạch Đằng, Da nang, Vietnam

Kính gửi công ty Cổ phần KT & XD Dinco,  
Dear Dinco E&C,

Lời đầu tiên, ban lãnh đạo công ty TNHH Universal Alloy Corporation chân thành cảm ơn công ty Cổ phần Dinco đã luôn chuyên nghiệp, đồng hành và hợp tác cùng các hoạt động dự án nhà máy sản xuất linh kiện hàng không vũ trụ Sunshine của công ty TNHH Universal Alloy Corporation.

Firstly, Universal Alloy Corporation Co., Ltd would like to express our sincere gratitude to Dinco E&C company for the good cooperation and your continuous professionalism in the implementation of Universal Alloy Corporation's Sunshine aerospace components manufacturing project in Da nang.

Với tiến độ hiện tại, chúng tôi rất hài lòng với những gì Dinco đã và đang thực hiện cho dự án của chúng tôi tại Khu Công nghiệp cao Đà Nẵng. Chúng tôi đánh giá cao năng lực xây dựng của Dinco theo đúng với kế hoạch ban đầu của chủ đầu tư, đúng tiến độ, chất lượng cũng như đảm bảo an toàn trên công trường.

With the current situation, we are very pleased with the activities taking place on the construction site at Da nang Hi-tech park. We highly appreciate the construction capacity of Dinco in accordance with the original plan of the investor when not only the progress but also the quality and safety are carried out very well on site.

Mặc làm nữa, chúng tôi trân trọng ghi nhận và hi vọng tiếp tục nhận được sự hỗ trợ chuyên nghiệp từ Dinco để dự án được triển khai thực hiện đúng tiến độ và sớm đi vào hoạt động.

Once again, thank you very much and we look forward to continuing having your professional support so that the project will be implemented on schedule and soon put into operation.

Chúc Dinco luôn luôn giữ vững niềm tin của khách hàng và thành công hơn nữa trong tương lai.

We do hope that Dinco will always keep up the good work and beliefs among your customers and promote this strength of Dinco in the future.

Trân trọng,  
GENERAL MANAGER

Would like to extend appreciation from the Bekaert team for the strong measures the Dinco team took to ensure the safety of the people and the structures at site.  
It was really nice to see you personally inspecting on site, the measures taken by the team on site in anticipation storm.  
Your presence at the site send a strong motivating message not only to the Dinco team but also to BEE team and other sub-contractors working at the site.  
It is good that the force of the storm was less than anticipated & with the good preparation we did not have any unsafe situation or damage to material & structure.

Subject: APPRECIATION LETTER

Firstly, COCA-COLA BEVERAGES VIETNAM LIMITED - Da Nang Branch would like to express our sincere gratitude to DINCO E&C Corporation for your high professionalism and continuous cooperation with the Owner, Consultant to complete the project on schedule, ensuring the quality and safety on site.

As we all know, due to the very serious situation of Covid-19 pandemic in 2021, the work on site had to be suspended for nearly 2 months because of the block-down order from authorities. However, DINCO's team tried their best and actively overcame all difficulties to ensure the handover schedule of the factory, serving the installation of the machine as originally planned. We highly appreciate the professional construction performance of DINCO contractor as well as the ability and cooperation spirit of all members of Site Management Board in general and Mr. Nguyễn Văn Sỹ - Site Manager in particular.

Once again, thank you very much for your companionship so far and we look forward to our continuous cooperation in the future.

We do hope that DINCO will always keep up the good work and sustainable development.

Sincerely yours,

Cc: An Le, Phong Bui, Trung Cao, Hong Do  
Subject: Thank you very much to DINCO and a HAPPY LUNAR NEW YEAR 2022

Dear Mr. Tran Van Ngan,

the OKE company, as the client for the construction of a factory in Vietnam, would like to use this opportunity to express its great satisfaction towards the construction company DINCO and its senior engineers Mr. An Le Huy and Mr. Phong Bui Van. Mr. An and Mr. Phong did their job very well. They were always able to give a very good answer to all questions and explain everything perfectly. I particularly liked your talent for organizing the construction site. During the construction phase, I often had requests for changes, which were also enthusiastically received by Mr. An and Mr. Phong and implemented immediately. Due to the perfect and very good management of the construction site by Mr. An and Mr. Phong, the construction time was reduced to just 5 months until completion, which is very positive and, in my experience, unique.

A factory for OKE has never been built in such a short time. I am very happy about the cooperation with Mr. An and Mr. Phong and would be very happy to realize our future construction projects in Vietnam with these excellent engineers. I would also like to express my great thanks to Mr. Trung Cao Xuan and Mr. Hong Do phan Thanh. They have also done an excellent job and installed very good and modern technology. They did a particularly good job of installing our compressed air system and our very important cooling system, and our computer wiring is perfect. I wish the engineers Mr. An, Mr. Phong, Mr. Trung, Mr. Hong and you as well as the construction company DINCO all the best for the

HAPPY LUNAR NEW YEAR 2022
